SPECIAL MID-WINTER 25 CENT SALE OF
HIGH QUALITY GLADIOLUS BULBS

For you flower lovers who are looking for some real bargains in gladiolus bulbs, the attached list will be of especial interest. Never before have I offered bulbs at such ridiculously low prices. A great many growers will undoubtedly contend that I can't sell at such prices and stay in business. Two years ago I would have thought the same thing. But this year I have cut my over-head to the limit, a thing that many of the larger growers are unable to do. True, I know that I am going to lose money on some of the orders I get from this list, and barely break even on others, but I have about one and a half million bulbs on hand,- AND I GROW THESE BULBS TO SELL,- not to replant.

Those of you who are familiar with gladiolus varieties, can see at a glance that this list contains the finest varieties that are being grown to-day. Every one of them a blue ribbon winner. These varieties are so far superior to the old-time varieties that are sold by the average department and "five and ten" stores that there is no comparison. And my prices are in most cases cheaper than you pay for such "has-beens".

In the last four years, at the Washington State Gladiolus Shows, I have three times won the Gold Medal of the American Gladiolus Society, also several Silver and Bronze medals of the A.G.S. In 1929 and again in 1932 I was awarded the Achievement Medal of The American Home Magazine. These and many other awards, all won with the varieties on this list, are certainly proof that these varieties cannot be beat, and that my bulbs have the pep to produce prize-winning blooms.

GIVE THAT FLOWER-LOVING FRIEND BULBS FOR CHRISTMAS!

What could be more appropriate at Christmas time than a card from you notifying him or her that a package of bulbs will be delivered in time for spring planting. As the beautiful blooms unfold throughout the summer they will be a constant reminder of your thoughtfulness.

Here on the coast we can send you the bulbs by parcel post at any time you desire, but for shipments east it is not safe to send by mail until spring. However, if eastern customers desire to present the bulbs at Christmas time, I will be glad to ship the order, by express collect, and add one item free for each three items ordered.

And by the way, Mr. Glad Fan, why not give yourself a present!

PLEASE NOTE!

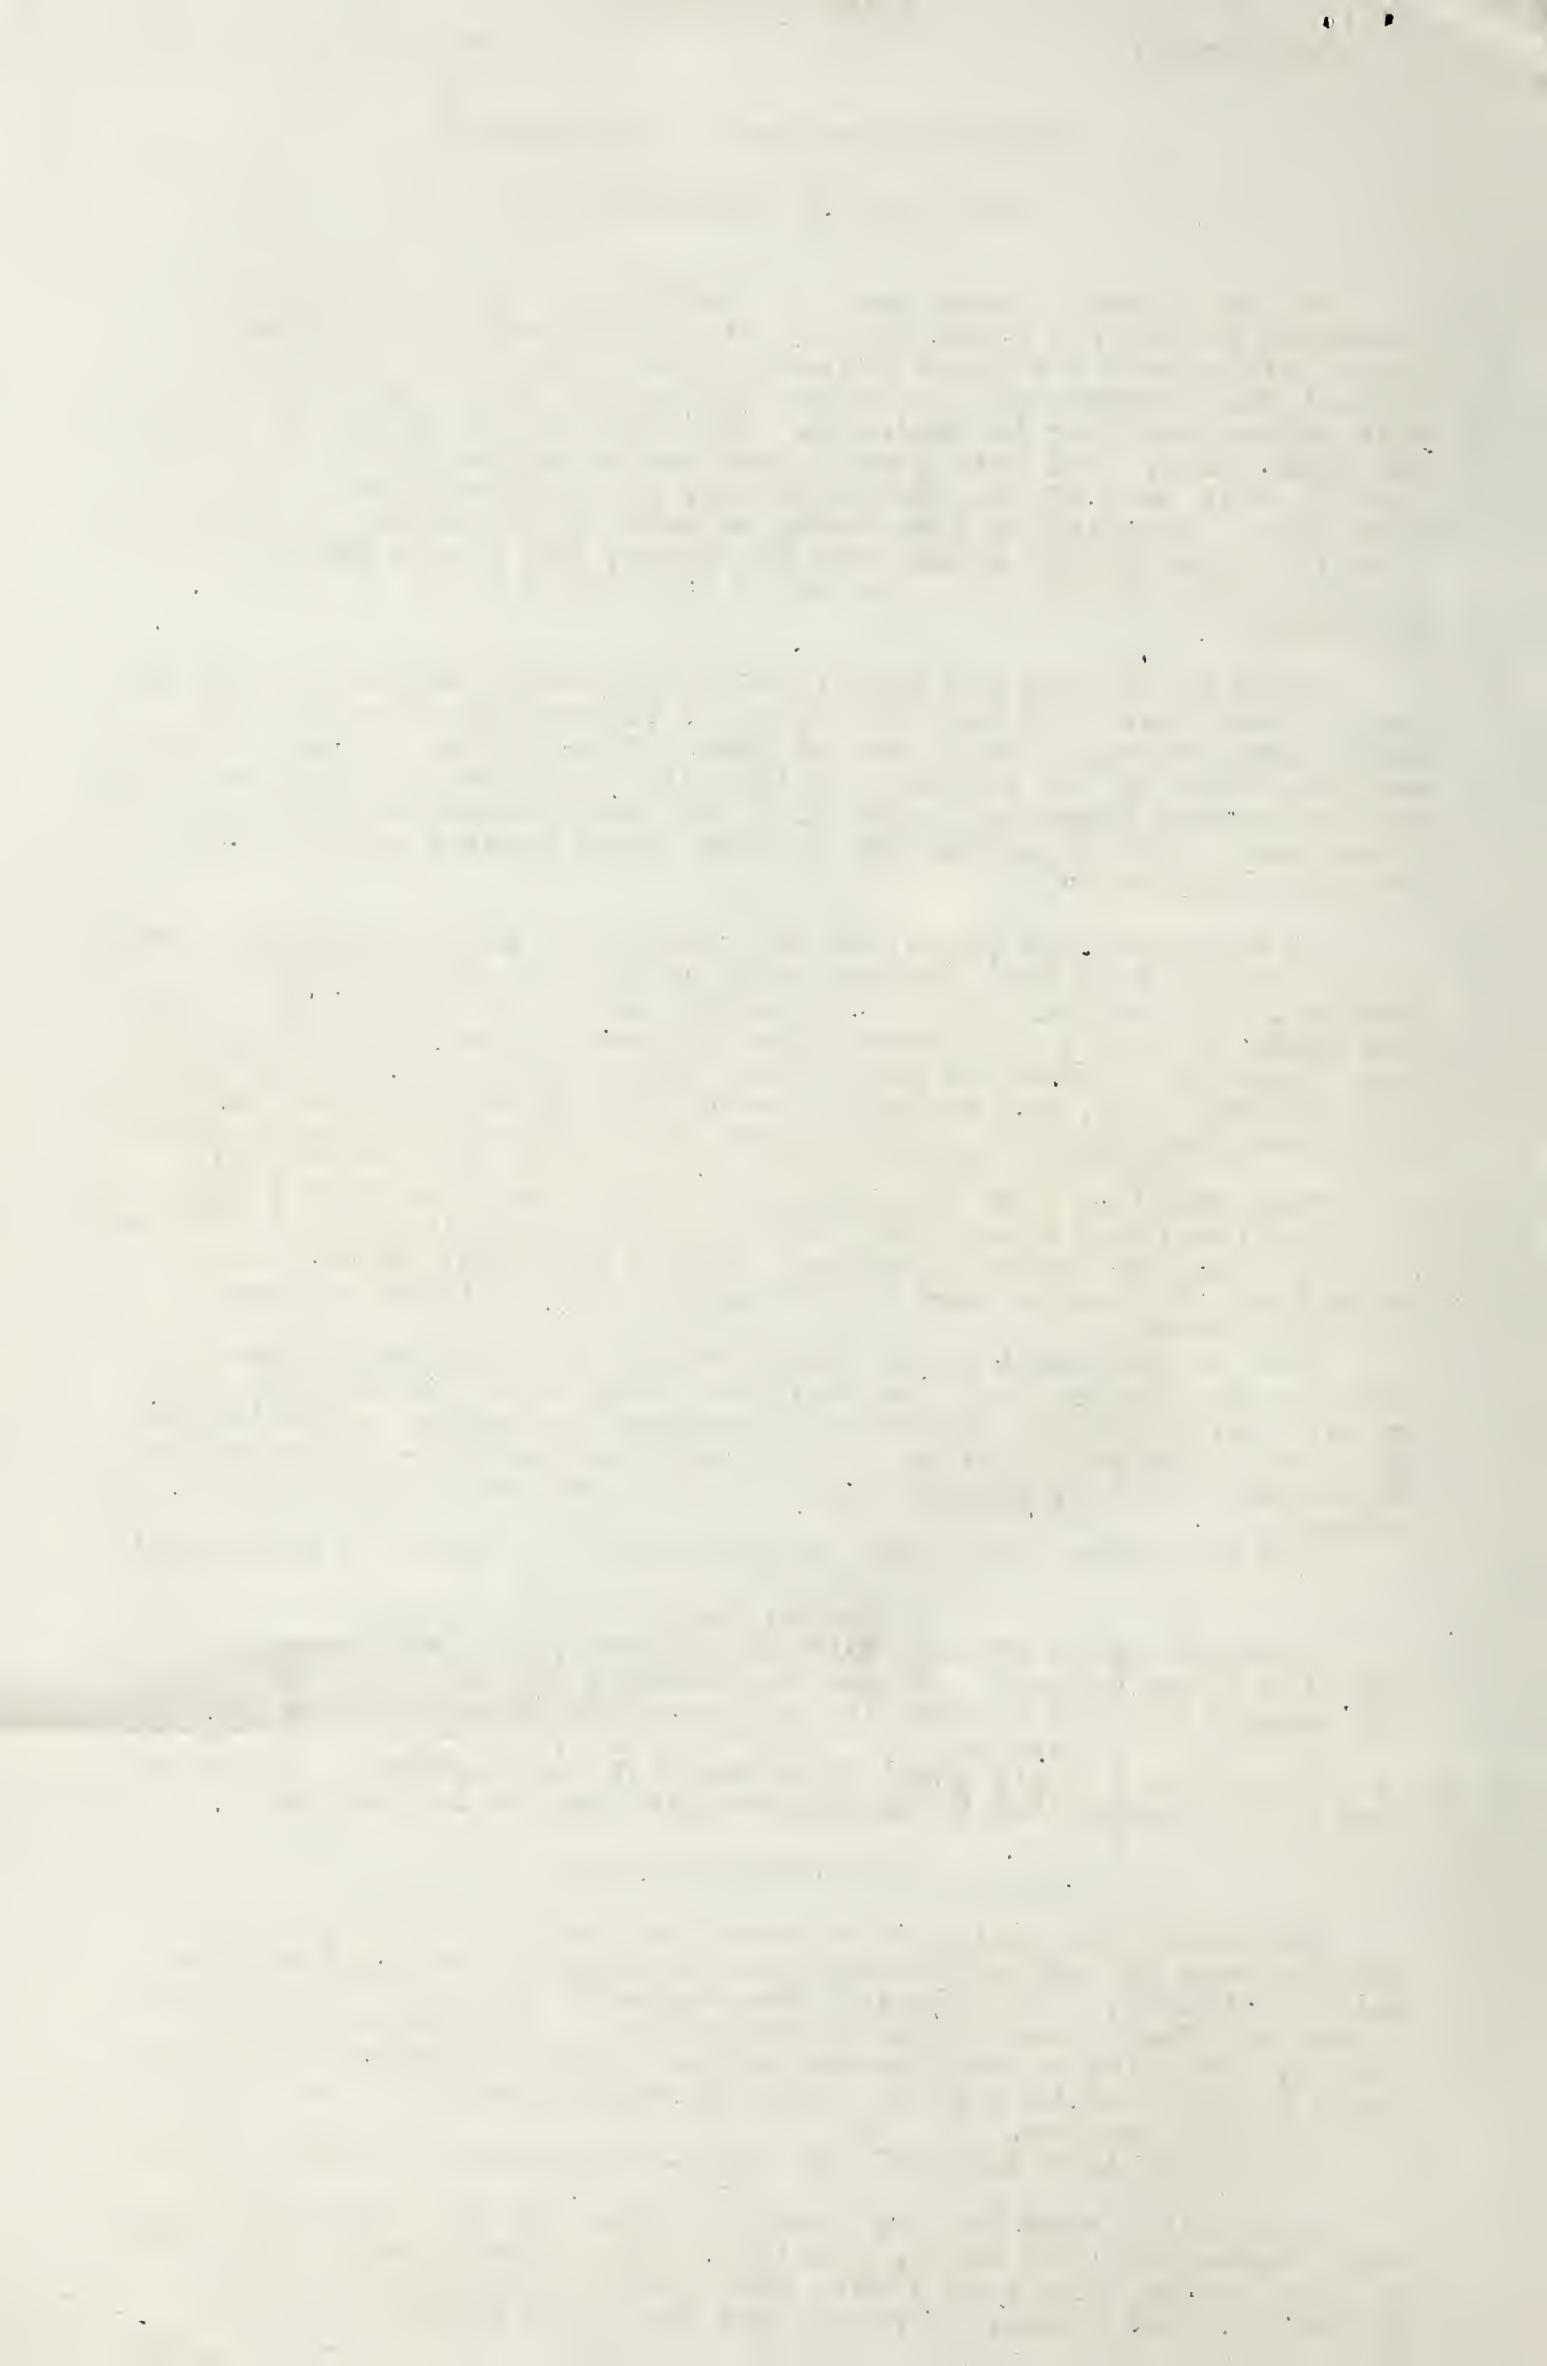

I cannot split items. Minimum order \$1.00. One item free with each ten items ordered. If you can't spare all the cash now, send 25% deposit and the balance in the spring at shipping time. But if you want to take advantage of these bargains, get your order in soon, as I have only a small quantity of some of the varieties, and this list will be cancelled by my regular list mailed in January.

CHRISTMAS SPECIAL!

For those who want a wide variety of colors, but who do not care to keep the different varieties separate, I am putting up a special mixture. 100 blooming size bulbs of at least 30 varieties, almost all from those in the attached list. All colors and all shades. Contains several varieties that were introduced only a few years ago at \$100.00 a bulb. You and your friends will be delighted with this collection.

100 bulbs (not labeled) for \$2.00, postpaid, Cash with order.

And just a word for the seedling fans: If you will request it when sending in your order, I will be glad to send you a small packet of some mighty nice seed I have saved this year from the best varieties. No charge. Hope you get some good ones.

ANY OF THE FOLLOWING ITEMS FOR 25 CENTS, POSTPAID
